

AI That Actually Helps — Quick Reference

Practical Copilot wins for akoyaGO users • Grants • Scholarships • Donor Relations • Foundation Ops

EVERYDAY USE CASES

- **Draft from bullets** — acknowledgments, award & decline letters
- **Summarize the long stuff** — grants, funds, donor records
- **Catch up fast** — what changed / what's still open
- **Notes → CRM-ready** — clean, structured text to log
- **Rewrite & reformat** — tighten tone for board or donor

SEARCH & SUMMARIZE RECORDS

- **Find it** — records by criteria — grants in review, lapsed donors
- **Summarize it** — one record's status, dates, open items
- **Connect it** — roll up a fund's grants or a donor's gifts

HOW AI FITS IN akoyaGO

- **Inside akoyaGO** — Copilot respects your security role — only your records
- **Record = source of truth** — Copilot drafts; the record decides
- **Verify before you save or send**

THE PROMPT RECIPE

ROLE

AUDIENCE

GOAL

INPUT

FORMAT

CONSTRAINTS

Always add: "Do not invent facts; if unsure, ask me up to 3 questions first."

5 PROMPT PATTERNS — COPY / PASTE

1 Draft with guardrails

Draft a [message] to [audience] about [purpose]; set tone + length, include [bullets]. Do not invent facts; list questions if info is missing. INPUT: the record.

2 Summarize for an outcome

Summarize into: overview • key points • risks • questions to confirm • next steps. Under [X] words. Add no new facts.

3 Rewrite for clarity & empathy

Rewrite in plain language; avoid legalese. Give two tones (neutral + warm). Under [X] words. TEXT: ...

4 Notes → CRM-ready

Convert notes into: 5-bullet summary • action items (owner + due date) • follow-ups • short timeline note. Flag unclear items.

5 Quality check (trust-but-verify)

Review for unsupported claims, missing info, tone, clarity. Return: issues + improved version + 3 things to confirm. DRAFT: ...

DATA QUALITY & VALIDATION

- **Verify** — names, dates, amounts, decisions vs the record
- **Standardize** — same fields, naming & process every time
- **Dedupe** — one clean record per grant, fund, donor

"MONDAY MORNING" USE CASES

Grants

- Decision snapshot; missing-requirement follow-up
- Site-visit notes → actions + timeline note

Scholarships

- Rubric consistency + equity check
- Committee notes → neutral summary

Donor Relations

- Call notes → follow-up email + CRM tasks
- Impact update from bullet facts (no exaggeration)

30-SECOND FINAL CHECK

- ✓ **Right record?** — Copilot used the record you're on
- ✓ **Facts match?** — names, dates, amounts, decisions
- ✓ **Nothing invented?** — cut what the record doesn't back
- ✓ **Right fit?** — tone & length for the reader

Copilot is a helper, not the source of truth. Verify against the record before you save or send.

Consistent setup beats cleanup. Clean records mean reliable reports — and AI you can trust.
